

CAN WALK 3 MILES

Annoying Troubles of Heart, Stomach and Digestion All Removed

Mr. David T. Remington of Springfield, Mass., expresses himself as truly grateful for the new combination of purifying and building-up treatment embodied in Hood's Sarsaparilla and Peptiron Pills.

He is one of the best known men in the state, having been for 21 years in the State House in Boston as Senate doorkeeper and sergeant-at-arms. He says he had annoying symptoms about his heart, stomach and digestive organs. His old friend, Senator George E. Putnam of Lowell, urged him to take a course of Hood's Sarsaparilla and Peptiron Pills, which he did, and now, "I can say I never felt better in all my life. I can walk from my house down town and back, a mile and a half each way."

Why not begin this treatment at once? Hood's Sarsaparilla and Peptiron Pills are sold by all druggists. Get them today. 200 doses \$2.—Adv.

PRINCE HATZFELDT MAY APPEAR AGAINST GRAVES

State Department Requests Chancellor to German Embassy to Testify as Witness.

Washington, Nov. 25.—Formal request that Prince Hatzfeldt, counselor of the German embassy, appear as a material witness against Karl Armgaard Graves, self-styled international spy, has been made by the state department in a note to Count Von Bernstorff, the German ambassador. Graves was arrested here recently on a charge of attempting to extort \$3,000 from Countess Von Bernstorff. He is now out on bail awaiting preliminary hearing on Dec. 6.

GET MONEY FOR NEXT DUBLIN REBELLION

Speakers at Boston Meeting Say "Rebels Are Going to Fight Again and Fight Very Soon."

Boston, Nov. 25.—Speakers who asked for funds to support another revolution in Ireland, asserting that "the Dublin rebels are going to fight again and fight very soon," obtained subscriptions at a meeting here Thursday night. The money, it was said, will be used to purchase rifles, so that "when the next rebellion breaks the rebels will have modern guns instead of clubs and pitchforks."

The meeting, at which tribute was paid to Irish patriots of other years, was addressed by Peter Golden of New York and Luke Dillon of Philadelphia.

NO INAUGURAL BALL.

White House Social Season to Be Eminently Quiet.

Washington, Nov. 25.—Society will have to look elsewhere than to the White House this season for its gaiety.

President Wilson's "society cabinet" is mapping out its program for the winter, but it leaked out yesterday that only such functions as have been customary and diplomatically necessary will be held.

According to present plans, there will be no New Year's reception and it is likely also there will be no inaugural ball.

Small receptions and dinners will alternate throughout the winter season at the executive mansion. The cabinet dinner will follow the Pan-American reception. Two diplomatic dinners are next, the first in honor of French Ambassador Jusserand, dean of the diplomatic corps, and the second for German Ambassador Von Bernstorff.

ALMOST BALD WITH ECZEMA ON HEAD

Started with Blistering Pimples. Itched so Badly and Hurt so Was Almost Crazy.

HEALED BY CUTICURA SOAP AND OINTMENT

"I had eczema which started with blistering pimples along the edge of my hair and went all over my head. It itched so badly and hurt so that I was almost crazy, and I could not sleep, and had to walk the floor at night. My hair all fell out and I was almost bald. I was in the house for two weeks. The trouble lasted about eight weeks and I had many treatments, but they did not do me any good. Then I got a cake of Cuticura Soap and one box of Cuticura Ointment, and in a few days I saw little fine hairs coming. Now I am entirely healed and have no marks of any kind." (Signed) A. F. Frazier, Plainville, Conn., July 29, 1915.

SERIOUS STAGE ON U-BOAT ISSUE

Washington Alarmed by the Tone of the Berlin Despatches

TEN CASES ARE UNANSWERED

Belief Growing That Pledge Sits Lightly on Germany

Washington, Nov. 25.—In view of certain plain indications that Germany regards her pledges on submarine warfare as a very light encumbrance, administration circles in Washington are prepared to face the grave situation that is likely to result between the two nations.

The conviction that the issue is to be forced on the United States grows with the numerous hints in the press despatches passed by the German censor, amounting virtually to official sanction. The increased gravity of the situation is also scored in the failure of the German admiralty to make frank and satisfactory explanation in 10 specific cases where colorably there had been violations of international law.

In each of the cases Germany is alleged to have failed in the point of visit and search before sinking the ships. They are the Rivenix Abbey (British), Sept. 3; Strathorn (British), Sept. 6; Antwerpen (Danish), Sept. 12; Rowanmore (British), Oct. 26; Marina (British), Oct. 28; Sedek (British), Oct. 12; Deita (Norwegian), Oct. 31; Columbian (American), Nov. 7; Lanoa (American), Oct. 28; Arabia (British), Nov. 6.

In such replies as have been vouchsafed the German government has been more or less evasive. As a result it is intimated in state department circles that the United States may send no more remonstrances to Germany, but that a repetition of the offense established by reputable American witnesses, will be forced by issuance of passports to the German ambassador.

Secretary of State Lansing declines to make direct answer to questions on this subject. He will not say whether he has information to the effect that Germany has scuttled her submarine pledges.

Nevertheless administration and diplomatic authorities are undoubtedly apprehensive of the manifest change in the attitude of Germany toward neutrals on the high seas.

ON SELF DEFENSE.

Confesses He Slew His Political Opponent.

Huntsville, Ala., Nov. 25.—David D. Overton, former clerk of the Madison county circuit court, took the stand yesterday at his trial for the murder of Judge W. T. Lawler, his political opponent, and testified that he killed the jurist in self-defense.

Lawler's body was found in the river last June, and until Overton spoke yesterday the manner of his death was unknown.

Overton said he met Lawler on the Whitesburg bridge near here on the night of June 14; that Lawler rushed him several times, knife in hand, and they fought over a wide area; that he shot the judge with a revolver after striking him on the head several times with the weapon. He denied he had anything to do with the disposition of Lawler's body or with the alleged painting out of blood spots on the bridge.

After he killed Lawler, Overton said, he returned to Huntsville and called Sheriff Phillips over the telephone, adding:

"Later Sheriff Phillips told me to let him make the occurrence public after he had made plans for my safety. Phillips advised me to go out of town for medical treatment. I went to Chattanooga, where my wounds were dressed."

REPUBLICAN DEFICIT \$21,144.

Total Receipts \$2,420,421 and Disbursements \$2,441,565—\$24,205 Contributors.

New York, Nov. 25.—A deficit of \$21,144 in the funds to meet the expenses of the Republican campaign was announced here yesterday by Cornelius N. Bliss, jr., treasurer for the Republican national committee. Mr. Bliss said that no definite plans have yet been formulated for wiping out the deficit.

The treasurer's report gave total receipts for the Republican campaign at \$2,420,421, contributed by 34,205 persons. The total disbursements were \$2,441,565.

NAME OF ELECTOR IS WRONG.

New Hampshire Democrat's Name on Ballot "Lawrence A. Connor."

Concord, N. H., Nov. 25.—An error in printing the ballots used in the national election has been found by the secretary of state, Edwin C. Bean, but neither he nor any other official was prepared to say whether the discovery would have any effect on the vote, which gave a small plurality for the Democratic electors. Lawrence M. Connor of Manchester, appeared on the ballots as "Lawrence A. Connor."

The Republican elector receiving the highest vote is George B. Leighton of Dublin.

General Sporting Notes.

It has been definitely settled that Brown and Pittsburg will not play a post-season game. The Brown faculty claim that the team has been pushed through too stiff a season to meet a team the strength of Pittsburg.

Florissant J. Dussot was elected captain of the Dartmouth football team for 1917. He has for two years been a regular end and his consistent playing has earned favorable comment from experts all over the East. A sure tackler and dependable in covering punts, he has been one of Coach Cavanaugh's mainstays of the season. His aggressive work in forming interference and receiving forward passes last year earned him an almost unanimous selection as an all-American end and his playing this year has been even better. Dussot entered Dartmouth from Brookline high, where he played tackle for three years. Course difficulties kept him from a place on the team in the freshman class, when he was a member.

Field Headquarters, American Punitive Expedition, Mexico (via radio to Columbus, N. M.), Nov. 25.—Three Mexican women have been executed by firing squads at El Valle, on the ostensible charge, preferred by Carranza adherents, that they attempted to kill Colonel Gonzales Diaz, commander of the Carranza garrison at El Valle. Papers were said to have been found on the women incriminating them.

Those executed were Margarita Acosta, her sister, Maria Castilla, and Maria Reis, her servant. The triple execution was at sunrise Wednesday. The women faced the rifles without weakening.

Treasury department statisticians, using a different method of calculation, estimated the population of continental United States as 102,002,000 on Nov. 1.

WILSON MESSAGE VERY BRIEF.

It Is in the Printers' Hands and Contains Only About 2,000 Words.

Washington, Nov. 25.—President Wilson's annual message to Congress, now in the printers' hands, contains about 2,000 words and is among the shortest documents of its kind on record. It points out that the reports of the several government departments will be made to Congress separately and that, therefore, their details are not discussed. The president emphasizes the uncompleted legislation on railroads suggested by him at the last session to meet the threatened railroad strike as the most pressing problem facing Congress. He then goes on to a general discussion of other domestic problems.
